HOME PARK-IT®

PRODUCT INFORMATION BROCHURE

PICTURED: HOME PARK-IT®

Checkers™ is a full-service manufacturer of parking lot safety solutions. We design and manufacture traffic control products that help cars navigate and park safely. Our main goal has been to create solutions that protect motorists and pedestrians from the perils of today's parking lots. As such, Checkers™ products have been designed and developed with speed reduction, driver and pedestrian safety in mind. All our solutions are manufactured from 100% recycled rubber and plastic. Our speed bumps or parking blocks, for example, are longer lasting, highly visible, and more car-friendly than asphalt or concrete alternatives. Not only are Checkers™ traffic safety solutions environmentally friendly, they can also be installed for either temporary or permanent use.

- **Rubber parking stops greatly outlast concrete competitors**
- **Rubber parking stops don't degrade like concrete parking stops, keeping parking lots aesthetically pleasing**
- **High-quality rubber is resistant to weather, salts, and chemicals**
- **Recycled rubber construction is environmentally friendly**
- **Pliable rubber protects vehicles as well as curbs**
- **Highly reflective colored tape ensures the parking stop will be visible**
- **Easy-to-install, either on asphalt or concrete surfaces**
- **Can be used for temporary or permanent applications**
- **Commercial and residential models available**

Home Park-It® provides guidance to help residents park with confidence in limited space. This unique home parking solution protects valuables and prevents damage in and around the garage or parking area. Constructed of recycled rubber and molded with our highly-reflective highway tape, the Home Park-It® is highly visible and extremely durable.

Material: Premium recycled rubber

- Long lasting and cost efficient
- Ideal for indoor or outdoor parking
- Will not chip, crack or fade
- Simple installation by one person
- Resistant to ultraviolet light, moisture, oil, and extreme temperatures
- Temporary or permanent installation
