

Guard Dog® Series Cable Protectors

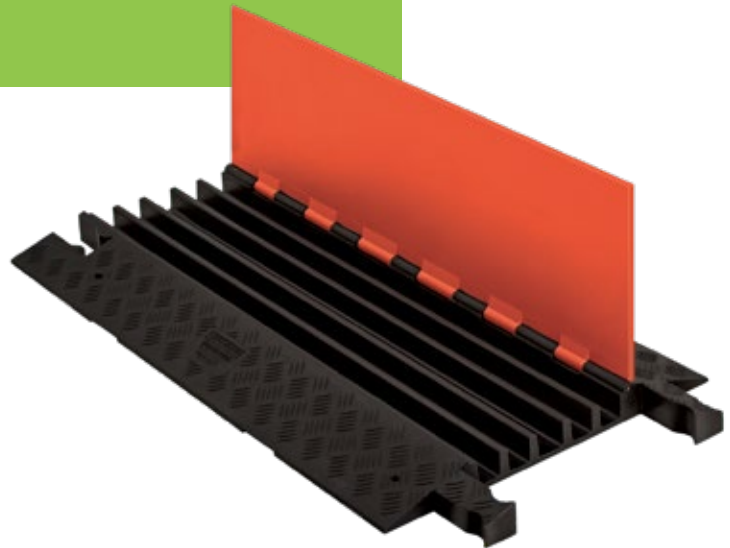

- Checkers' most versatile cable protection option
- Solid construction for pedestrian traffic and over-the-road vehicles
- Ideal for utility, industrial, construction, and entertainment applications

Checkers' Most Versatile Cable Protector

Guard Dog Cable Protectors provide a safer crossing for vehicle and pedestrian traffic while protecting valuable electrical cables and hose lines from damage. Ideal for use in amusement parks, entertainment venues, sporting events, and most public, commercial, industrial, construction, and utility applications.

- Dog Bone connectors maintain integrity under heavy weight while being easy to use—simply lift to the appropriate angle to easily slide apart
- UV-stabilized, weather-resistant polyurethane construction
- Patented 5-bar tread surface provides maximum traction
- Easy to transport, setup, disassemble and store
- Modular interlocking design to extend to any desired length
- Custom logo and colors available

Choose from 3 styles, each with ADA/DDA compliant options:

Hinged Lid

Models with reinforced hinged lid allow for easy cable placement.

Low-Profile Hinged Lid

Compact, low-profile models offer smaller channels with a high weight bearing capacity.

Drop-Over

Drop-over design allows quick installation to protect pipes and conduit that are permanently installed or mounted to the ground or floor.

Product	Model No.	Maximum OD	Load Capacity (per axle)	# of Channels	Connector type	Pg.
General Purpose 5-Channel	GD5X125	1.325 in (3.37 cm)	21,000 lb (9,526 kg)	5	 Dog Bone	30
General Purpose 5-Channel ADA	GD5X125-ADA	1.325 in (3.37 cm)	21,000 lb (9,526 kg)	5		32
General Purpose 3-Channel	GD3X225	2.25 in (5.8 cm)	28,420 lb (12,892 kg)	3		33
