

The ORIGINAL Ground Protection Mats

Don't be fooled by knock-offs!

LibertyMAT® Ground Protection Mats

- Durable yet affordable solution for ground protection
- Chevron traction surface ideal for both small vehicles and pedestrian applications
- Lightweight for fast setup—easily deploy by hand

Moderate tread provides traction while keeping soft, sensitive turf intact

With a load bearing capacity of 80 tons*, LibertyMAT is a medium-duty ground protection mat ideal for a wide range of applications including temporary roadways, work pads, material storage areas, or as pedestrian access. The unique chevron traction surface offers optimal grip and improved forward motion of vehicles but is still pedestrian-friendly.

LibertyMAT is lightweight, economical, and includes strategically-positioned hand holes for fast and easy install. Manufactured from 100% recycled high-density polyethylene, the mat is durable and weather-resistant. The flexible design allows the mat to follow the contours of undulating or sloping ground conditions.

- Chevron traction surface design for increased grip
- Hand holes for easy maneuverability and fast setup
- Molds to uneven or undulating ground conditions due to its flexibility
- One-year limited warranty

Load capacity*	80 tons (160,000 lb; 72,575 kg)
Surface tread	Chevron traction
Material	100% recycled high-density polyethylene (HDPE)
Thickness	0.5 in (1.27 cm)
Color options	Black

*Load bearing capacity is subject to ground conditions. Sizing is subject to a manufacturing variance of +/- 5%.

Model	Description	Width	Length	Weight	CA Prop 65
LIB48	Black Mat	47.5 in (1.21 m)	95 in (2.41 m)	77 lb (39 kg)
