

Linebacker® Series Cable Protectors

- Checkers' most robust cable protection option
- High load bearing capacity for heavy duty equipment
- Ideal for oil, gas, mining, military, construction, or any heavy-duty application

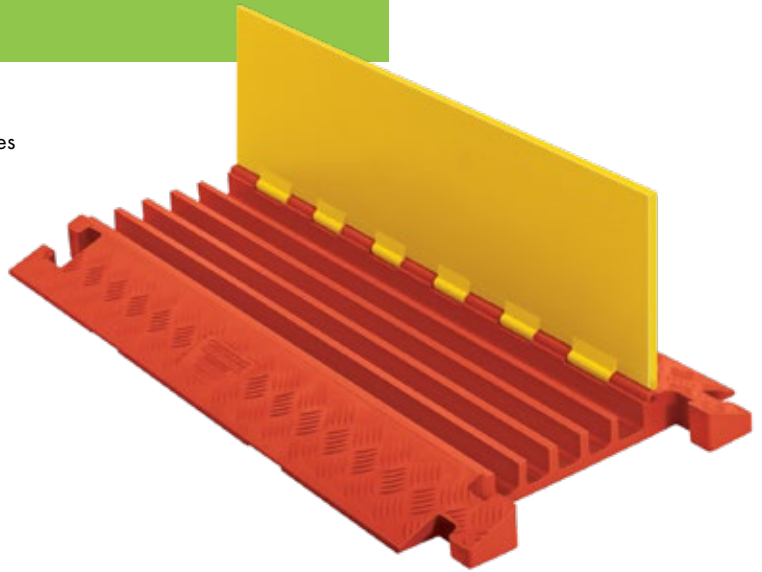

Checkers' Most Robust Line of Cable Protectors

Linebacker Cable Protectors provide a safer crossing for vehicles and pedestrian traffic while protecting valuable electrical cables and hose lines from damage in extreme weather conditions and work environments. The modular interlocking design can extend to any length, ideal for use in oil and gas applications, mining, military, and other industrial environments with heavy trucks and forklifts.

Choose from popular heavy-duty models, general purpose models, and models for lines up to 3.25 in outer diameter. Add ADA/DDA compliant accessories and protector bridges for unlimited channels.

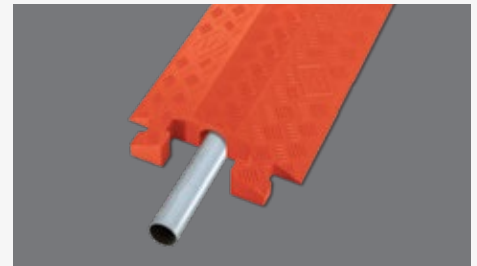

- High load bearing capacity
- T-connectors won't pull apart, even under weight of heavy vehicles
- UV-stabilized, weather-resistant urethane construction
- Patented 5-bar tread surface provides maximum traction
- Reinforced hinged lid for easy cable placement
- Easy to transport, setup, disassemble and store
- Modular interlocking design to extend to any desired length
- Available in high visibility colors
- Custom logo and colors available

ADA compliant models are ideal for use in amusement parks, entertainment venues, sporting events, and most public, commercial, industrial, construction, and utility applications.

Models available to accommodate lines up to 3.25 in OD

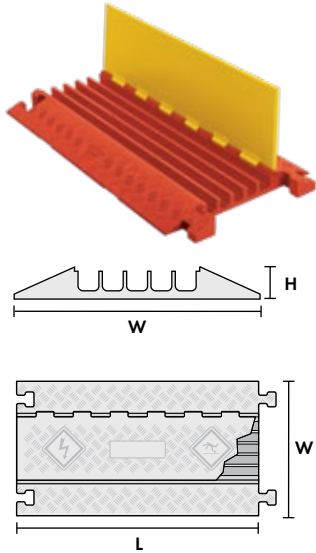

Also available in a drop over or split top style cable protector.
