- Sold as singles or roped together as pairs, specify after model number S=Single or P=Pairs
- Molded-in high-visibility yellow color
- Available in 12, 15, 18, and 21-inch lengths

Description

AC3500 aviation wheel chocks are designed for small to mid-sized aircraft and aviation equipment. They are manufactured with highly durable, lightweight polyurethane, which lasts longer than wooden chocks, never needs painting and eliminates Foreign Object Damage (FOD) threats for aircraft. These chocks can be ordered with a rope carrying handle or in roped pairs and are ideal for business, commercial, cargo and military aircraft.

Note: Model number AC3521-RP-P is sold as a roped pair of chocks with anti-skid rubber pads for polished hangar floors.
