### Short Description

---

- Safety textured

- No delamination
- Safety orange handles
- Lightweight
- No splinters
- Recovery memory
- No warping after bending
- Manufactured in the USA

## Description

---

SafetyTech® is a high load capacity outrigger crane pad with a vertical load bearing capacity of up to 140,000lbs\* for our largest size. It is designed to fully support vehicles and cranes without warping, splintering or bending and the pad features a safety textured tread surface to further improve grip and stability. SafetyTech® is manufactured from a highly durable proprietary engineered thermoplastic material which provides exceptional support. It is non-conductive, non-magnetic, and resistant to temperature, chemicals, water, and oil. SafetyTech® features high visibility safety orange patented TuffGrip® handles ensuring optimum maneuverability and will return to normal after bending, retaining its original shape.

\*Load bearing capacity is subject to ground conditions. Sizing is subject to a manufacturing variance of +/- 5%.

## Specifications
