- Can be used with the YJ5 interconnect to be used with the YJ5 standard ramps. (Can only be used with one center section between side ramps)
- Custom cable protectors are available. [Get a quote here.](#)

Description

Use the 5-Channel Heavy-Duty Yellow Jacket® AMS® System Center Section with the Hi-Viz Green Lid and Black Base, model YJ5125AMSCTRFLG, with the Yellow Jacket® 5-channel AMS® (Advanced Modular System). The Yellow Jacket 5-channel AMS (Advanced Modular System) is a patented technology that utilizes separate cable protector sections and ramps to create a system that is fully expandable to hold an unlimited number of cables. By detaching the ramps, you can also quickly add cable runs and ADA compatible side ramps to existing systems.

The fluorescent green coloring was created specifically for situations requiring high visibility, using SafeRay™ Technology that provides the best day and night visibility. It features a UV reflective pigment that is added to the urethane blend during production to ensure visibility even in low-light or nighttime applications.

The Yellow Jacket AMS readily handles heavy truck and bus traffic while providing easy access for pedestrians, carts, and wheelchairs. Hinged lids make for easy loading of cables and hoses

Custom cable protectors can be made with different colors and embossed logos. [Get a quote](#) with your specific requirements.

Specifications

Model No	YJ5125AMSTRFLG
Color	Lime Green
Quantity Included	1
Load Capacity Per Axle	32600 lbs
Length (Inches)	36
Width (Inches)	11.75
Height (Inches)	1.875
Max Cable Outside Diameter (Inches)	1
Number of Channels	5-Channels
Connector Type	Hourglass Connector
Channel Width	1.375in
