

Yellow Jacket® Extreme Modular Crossover System

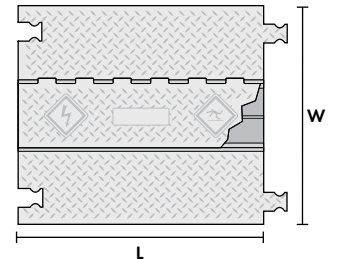

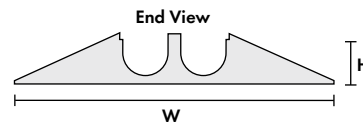

Yellow Jacket 2-Channel Extreme Modular Crossover System provides a safer crossing in extreme heavy duty traffic areas while protecting valuable electrical cables and hose lines from damage. Durable urethane construction withstands the constant pounding, impact and abrasion caused by haul trucks and falling rocks. Ideal for use in mining, industrial and heavy duty applications.

- Easily handles the load of a 400-ton haul truck
- Dog Bone connectors to extend to any length
- Thick lid and base allow for high volume of traffic
- Hinged lid for easy cable placement
- Modular interlocking design
- Available with high-visibility yellow lid/black base 

Yellow Jacket® Extreme Modular Crossover System in use at mine
